N. Y. NOT ENTHUSIASTIC OVER NEW CABINET

Disappointed in Harding's Choice; Wanted Root and Wood.

By DAVID LAWRENCE.

New York, Feb. 15.—One doesn't have to investigate sentiment very far in this, the nation's metropolis, to learn that President-elect Harding's list of cabinet secretaries will not be greeted with enthusiasm. It should prove to be the state that practically all the correspondents, both in Washington and elsewhere, are predicting a disappointing performance.

Of course New York's point of view may not be national but here at any rate are some influential public opinion leaders who are not so sure. Many of the leading financiers and business men, who are usually so ready to support the president-elect, are disappointed in the choice of Mr. Harding. They would have preferred Mr. Root and Mr. Wood.

Mr. Root, it is said, would have been a more enthusiastic supporter of the president-elect than Mr. Harding. Mr. Root is a Republican, and Mr. Harding is a Republican. However, the objections to Mr. Root are not so much political as they are personal. Mr. Root is a man of high standing in the financial world, and his selection would have been a great asset to the president-elect. But Mr. Root is a man of high standing in the financial world, and his selection would have been a great asset to the president-elect.

Few Tobacco Crops Are Sold in Northern Part

Press reports show that a few tobacco crops in the northern section of the state were sold last week at prices ranging from 15 to 25 cents a pound. The bulk of the crop is being held for a higher price.

Statements issued from other sources indicate that the tobacco growers are not rushing the crop, preferring to wait until the market improves. The tobacco crop in the northern section of the state is being held for a higher price.

Parker Buys 30 Acres on River Read for Home

The purchase of a 30-acre tract of land on the river by George S. Parker for a home is believed to have started a movement in the city of building homes just outside the city. As several families have already signified their intention of making their homes in that vicinity, Mr. Parker has purchased a tract starting at the curve in the Edgerton road, known as the river road, about 3 miles north of Janesville. The land takes in the stone quarry and is one of the most beautiful places in the county. The high bluffs sloping down to the river give a wonderful view and the land on the bluffs is wide and level enough for several houses. It was purchased of the Roessling estate through Eugene Roessling.

More Work, Is Plea Made by Relief Bureau

The number of people of Janesville needing aid because they cannot find work is increasing, according to a bulletin from the United Relief Bureau, issued today.

Most calls for help now being answered by the Bureau come from foreigners living in the "patch," according to Miss Catherine Ketchum, secretary. In these cases, she states, the men in most instances first ask for work, and if they cannot be placed in jobs, reluctantly accept aid in the form of food and clothing. It is reported, where supplies will not be accepted unless it is agreed that the man be permitted to pay for them after he has secured work.

PROPOSES \$4,000 SALARY FOR JUDGE

Assemblyman Matheson Offers Bill to Boost Maxfield, \$1,400.

A \$4,000 increase in salary of Municipal Court Judge H. L. Maxfield is proposed by Assemblyman E. Matheson, Janesville, in a bill introduced in the state assembly at Madison today.

Mr. Matheson seeks a resolution from the legislature to permit the Rock county board of supervisors to increase the salary to \$4,000 per year. The salary is now \$2,600. Judge Maxfield has been in office since 1915.

WHAT WILL IT COST ME?

That question is always asked by a patron when discussing administration of his estate by a Trust Company. The law of Wisconsin provides that whoever acts as administrator or executor of an estate shall receive \$50 for the first \$1000 of the personal property handled and \$10 for each additional \$1000. Whether you employ the inexperienced individual or the thoroughly competent trust company—the fee is the same. Will you and your attorney confer with our Trust Department.

8 Landlords Reduce Rentals

As a direct result of the appointment of a committee on rents of the Chamber of Commerce to bring the landlord and tenant more amicably together, eight landlords have been voluntarily reduced rents. One owner went directly from the organization meeting on this matter to his apartment house and had his tenants' rent reduced.

YOU CAN BUILD THAT HOME YOU HAVE BEEN PLANNING FOR LESS MONEY NOW

The skilled mechanics of Janesville and the Building Material dealers have pointed out specifically that wages and prices of commodities in the building line are down to a point where now is the opportune time to build. In this connection the contractors of this city would add that they have made thorough investigation of both wage and material price conditions and that in both instances what has been said has been verified and we are satisfied that you can build a much better house for less money right now than if you wait hoping for prices to come down still further

More Members Needed in the Building and Loan Association to Create Surplus Money With Which to Build in the Community

It is a fact that more building would be started and more work provided for the unemployed if more money were available to loan to home builders. A thorough canvass of the situation brings forth the conclusion that the best possible way to get this money would be to enlarge the Janesville Building and Loan Association to at least 1000 members. This Association is in reality a savings department for wage earners and salaried people, netting about 6% interest, compounded. Shares of the Building & Loan Association are of two kinds—paid up and installment stock. The installment stock is listed in three classes—A, B and C. A Class sells at 50c a month; B Class at 75c a month, and C Class at \$1.00 per month. Money may be withdrawn on thirty days' notice with interest. You can help get building started in Janesville if you will take out shares in the Janesville Building & Loan Association. Complete information regarding how to invest in this Association may be obtained from any member of the Building Exchange, or from the office of the Building & Loan Association in the Jackman Building, or from any Bank in Janesville.

Janesville Builders Exchange

We also wish to state that a most friendly feeling exists between the contractors and the workers of the Janesville Building trades, thus assuring the public steady operations should they commence home building. The skilled workers have already promised that they will give one hundred per cent service for every dollar paid them in wages.

Some citizens have already taken advantage of this fortunate situation and have let their work for home building so as to give their contractor a chance to buy their materials while the markets are so low.

Nearly all contractors in Janesville are figuring plans right now. Therefore, we advise the prospective builder who has been planning to build a home to get in touch with his contractor at once, and by so doing save money.

Some citizens have previously had their estimates figured and decided not to build at that time because the cost was too high. In every instance we say to these people, take your plans back to the contractor who originally figured them and you will find the savings now possible under your previous figure will amaze you.

Here's Our Advice to the Public:
